WELCOME TO THE WORLD INFECTIOUS DISEASES CONGRESS

We are delighted to welcome all the experts from infectious diseases and clinical microbiology to join the world infectious diseases congress 2024 scheduled during 07-09, October 2024 in Rome, Italy. It provides participants exciting and challenging opportunities to exchange knowledge, learn the latest scientific and medical advances, and listen to engaging and provocative discussions with leading experts in the field.

Join the world infectious diseases congress to present the latest research findings and to keep up to date with the latest scientific breakthroughs in infectious diseases. Through a combination of lectures, literature review, and case-based presentations, this symposium delivers up-to-date and cutting-edge information that can be directly integrated into clinical practice.

Discover the ultimate combination of convenience and immersion at the highly anticipated world infectious diseases congress 2024. This year, we are proud to present a ground-breaking hybrid event that blends the best of both worlds – onsite participation in Rome and online access. Explore the benefits of attending either in person or virtually, and unlock unparalleled opportunities to connect, learn, and shape the future of infectious diseases research.

**With Best Wishes,
The Organizing Team
WIDC 2024**

ABSTRACTS CATEGORIES & TOPICS

Submit your abstract for the following topics to share your research with the global infectious disease specialist community.

- Clinical Infection and Infectious Diseases
- Regional High Priority Pathogens
- Global AMR Control
- Tuberculosis and Respiratory Diseases
- Vaccines and Vaccine Development
- HIV and Viral Hepatitis
- Re-Remerging Infectious Diseases
- The Global Rise of Sexually Transmitted Infections
- Fungal Infection & Disease
- The Science of Infectious Diseases
- Infectious Diseases Management Updates
- Microbiology and Diagnostics
- Infectious Diseases
- Coronavirus Disease (Covid-19)
- Bacterial Infection & Disease
- Bacterial Susceptibility & Resistance
- Parasitology and Vector-Borne Infections
- Immunology & Vaccinology
- Pediatric Infectious Diseases
- Nosocomial Infections & Control
- Viral Infections & Diseases
- Veterinary Diseases
- Fungal Infections & Diseases
- Tropical Infectious Diseases
- Neuro Infectious Diseases
- Infection, Immunity and Inflammation
- Epidemiology
- Plants Diseases and Fungal Infection Control
- Antimicrobials/Antibiotics/Antibacterial
- Others

TARGET AUDIENCE

- ✓ Infectious Disease Specialists
- ✓ Laboratory Specialists in Microbiology and Virology
- ✓ Epidemiologists
- ✓ Infection Prevention and Control Practitioners
- ✓ General Practitioners
- ✓ Internal Medicine Practitioners
- ✓ Pulmonary and Critical Care Practitioners
- ✓ Policy Makers Pharmacists
- ✓ Trainees
- ✓ Nurses
- ✓ Students
- ✓ Societies and Associations
- ✓ Pharma and Manufacturing Companies
- ✓ All Professionals Related to The Congress

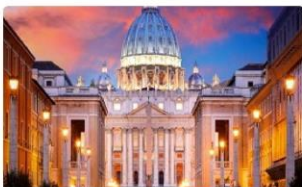

LOCATION AND VENUE

The World Infectious Diseases Congress 2024 will take place in Rome, Italy, at the Hotel Hilton Garden Inn Rome Airport.

ROME, ITALY

Rome serves as the capital and largest city of the country. Its history spans over 2,500 years, and it's filled with fascinating landmarks, ancient ruins, awe-inspiring art, and a vibrant modern culture. The city's central location makes it a perfect starting point for exploring the rest of Italy. Rome is known for its rich history as the center of the Roman Empire, iconic landmarks such as the Colosseum and the Pantheon, Vatican City with St. Peter's Basilica and the Sistine Chapel, Renaissance art treasures, and delicious Italian cuisine.

Rome's romantic ambiance, with its picturesque streets, charming piazzas, and beautiful fountains, has made it a popular destination for couples seeking a romantic getaway. Rome is a paradise for art lovers, with countless museums, galleries, and churches housing masterpieces by renowned artists like Michelangelo, Raphael, and Caravaggio. The Borghese Gallery and the Galleria Doria Pamphilj are just a couple of the must-visit art collections.

PROGRAM STRUCTURE

The scientific program is designed to be informative, engaging, and relevant to the diverse interests and specialties of attendees, making it a valuable experience for professionals at all stages of their careers.

Day 1
